Association of Medical School Pediatric Department Chairs (AMSPDC) Leadership
March 2014 - March 2015

President
Stephen R. Daniels, MD, PhD (2013 - 2015)
Chair, Department of Pediatrics
University of Colorado School of Medicine
Pediatrician-in-Chief and Chair, Childrens Hospital Colorado
13123 East 16th Avenue, B065
Denver, CO 80045
Email: Stephen.Daniels@childrenscolorado.org

President-Elect
Valerie P. Castle, MD (2013 - 2015)
Ravitz Found. Prof. of Peds. & Communicable Diseases
Department of Pediatrics, University of Michigan Medical School
1500 E. Medical Center Drive, D3202 MPB, Box 5718
Ann Arbor, MI 48109-5718
Email: vcastle@med.umich.edu

Immediate Past President
Alan R. Cohen, MD (2013 - 2015)
Chair and Physician-In-Chief, Department of Pediatrics
University of Pennsylvania School of Medicine
Children’s Hospital of Philadelphia
34th Street & Civic Center Boulevard, Rm 9NW67 Main Bldg
Philadelphia, PA 19104
Email: cohen@email.CHOP.edu

Secretary-Treasurer
Robert W. Wilmott, MD, MB (2012 - 2018)
IMMUNO Professor and Chair, Department of Pediatrics
St. Louis University School of Medicine
1465 South Grand Boulevard
St. Louis, MO 63104
Email: wilmottr@slu.edu

Executive Director
Laura Degnon, CAE
6728 Old McLean Village Drive
McLean, VA 22101
Email: laura@amspdc.org

Board Members
Guido Filler, MD, PhD, FRCPC (2012 - 2015)
Chair/Chief, Paediatrics
University of Western Ontario Children’s Hospital
800 Commissioners Road East, Room B-436
London, ON N6A 5W9 Canada
Email: guido.filler@lhsc.on.ca

David A. Gremse, MD (2013 - 2016)
Professor and Chair, Dept. of Pediatrics
Department of Pediatrics
University of South Alabama School of Medicine
1504 Springhill Avenue, Room 5309
Mobile, AL 36604
Email: dgremse@usouthal.edu

Richard E. Jacobs, MD (2012 - 2015)
Robert Fiser, Jr., MD Endowed Chair in Pediatrics
University of Arkansas for Medical Sciences
1 Children’s Way Slot 900
Little Rock, AR 72202-3591
Email: rfj@uams.edu

Catherine Scott Manno, MD (2013 - 2016)
Professor and Chair, Dept. of Pediatrics
Department of Pediatrics
New York University School of Medicine
550 First Avenue, NBV 8 South 4-11
New York, NY 10016
Email: catherine.manno@nyumc.org

Margaret McGovern, MD, PhD (2012 - 2015)
Professor and Chair, Department of Pediatrics
State University of New York, Stony Brook
T11 020 Health Sciences Center
Stony Brook, NY 11794-8111
Email: Margaret.McGovern@sbumed.org

D. Brent Polk, MD (2014 - 2017)
Physician-in-Chief and Chair, Department of Pediatrics
Department of Pediatrics, Keck School of Medicine of USC
4650 Sunset Blvd., MS #126
Los Angeles, CA 90027
Phone: (323) 361-2278
Fax: (323) 361-3719
Email: dbpolk@chla.usc.edu

Teresa Quattrin, MD (2014 - 2017)
Professor and Chair, Department of Pediatrics
State University of New York/Buffalo, 239 Bryant Street
Buffalo, NY 14222
Phone: (716) 878-7300
Fax: (716) 878-7339
Email: tquattrin@upa.chob.edu

John W. Sparks, MD (2013 - 2016)
Professor and Chair
Department of Pediatrics
University of Nebraska College of Medicine
982165 Nebraska Medical Center
Omaha, NE 68198-2165
Email: jsparks@unmc.edu

Ex Officio Canadian Representative
James Kellner, MD (2014-2017)
Professor and Head, Pediatrics
Department of Pediatrics, University of Calgary
2888 Shaganappi Trail NW
Calgary, AB T3B 6A8 Canada
Email: jim.kellner@albertahealthservices.ca
AMSPDC Overview

Mission: To improve the health and wellbeing of children through the development of the chairs of academic pediatric departments and support of their clinical, research, education, and advocacy missions.

Vision: Academic Pediatric Departments lead in care delivery, research, training, and advocacy that improves the health and well-being of children in their communities and throughout the world.

Values Statement: The Association of Medical School Pediatric Department Chairs upholds the following core values:

- **Integrity**: We are professional and honest in our working relationships and strive for equity and fairness in our decision making. We honor our commitments and hold ourselves accountable to the highest ethical and performance standards.

- **Collaboration**: We are committed to working together with each other, patient groups, and relevant professional organizations. We support a culture of participation and inclusion, including the formation of partnerships, and advocacy designed to influence public-policy and resource allocation decisions that impact children’s health. We respect differences among our members and their organizations, recognizing they are part of our strength, and freely share ideas to inspire and learn from one another.

- **Compassion**: We care about children and families and each other.

- **Innovation**: We support an organizational culture that values change and innovation.

- **Leadership**: As the leaders in academic pediatrics we model the values of our organization and help to develop the leaders of tomorrow.

- **Excellence**: We pursue excellence in all our core missions: clinical care, research, education and advocacy.

Goals: Along with its mission, vision, and values, AMSPDC has defined the following as its core goals for 2015 - 2016:

- **High Quality Accessible Care**: Improve clinical access, health outcomes and value by assisting department chairs in the clinical delivery enterprise.

- **High Quality Research**: Improve the quality, impact and influence of children’s health research being done within pediatric departments.

- **Transform Education**: Identify issues in medical education across the continuum and share strategies to help chairs strengthen the educational missions of our departments.

- **Advocate for Children**: Support membership priorities locally and federally to ensure funding and policy decisions address gaps in care access, disease prevention, health outcomes and child health research.

- **Leadership and Career Development**: Enhance the leadership skills of current members and aspiring leaders within pediatrics. Promote career development for pediatric chairs. Provide opportunities for members to share best practices and network.

- **Excellent Administration**: Strengthen the administration of academic pediatrics.

Meeting Overview

Thursday, February 26th

The 2015 program will open with the prestigious Pediatric Leadership Development Program’s (PLDP) conference. This fellowship program aims to help develop the next generation of pediatric chairs in North America, ensuring that they will be well poised to lead our profession through the rapidly changing environment of academic medicine and health care in general.

This program is open to invited first and second cohort PLDP fellows, mentors, and committee members and does not include the membership at-large. PLDP program attendees will enjoy a hospitality hour and dinner Thursday evening.

We will also be holding a workshop for New Chairs during the 2015 meeting on Thursday; special registration is required.

As in past years, this year’s meeting includes a session for the Pediatric Scientist Development Program (PSDP) and the Canadian Child Health Clinician Scientist Program (CCHCSP) trainees who will attend career development workshops. The PSDP operates under the aegis of AMSPDC. PSDP and CCHCSP enable pediatric fellows to undergo intensive research training with highly successful mentors in renowned research programs.

A dinner for PSDP fellows and members of the Steering and Evaluation Committees, as well as for the PLDP participants, will conclude the day’s events.
**Friday, February 27th**

AMSPDC members interested in hearing new and exciting research, and chairs and accompanying residents invited to participate in this year’s Frontiers in Science (FIS) program, will want to arrive in time for presentations by third-year PSDP fellows. Residents contemplating careers in research find these presentations particularly exciting because they see first-hand how PSDP training develops young pediatric physician-scientists.

The AMSPDC Women’s Chair Luncheon will take place at 1:00pm in the Emerald Cove Room. FIS continues with an afternoon session devoted to research presented by faculty from different institutions, including AMSPDC member, Sherin Devaskar, MD, from the University of California, Los Angeles David Geffen School of Medicine, Los Angeles, CA. These presentations update chairs on new work that will affect us as academicians and gives PSDP fellows a chance to see other research horizons. Those invited to speak are chosen not only for their science but also for their ability to tell the story.

The FIS/PSDP program closes with posters presented by second-year PSDP fellows and CCHCSP fellows; scientific interchange with AMSPDC members and residents is a high point.

The evening concludes with a dinner that brings together PSDP fellows, FIS residents, and their sponsoring AMSPDC chairs.

**Saturday, February 28th**

With the exception of the AMSPDC Women Chairs Luncheon held Friday, this will be the first day of the AMSPDC meeting and plenary session. Saturday morning includes an open networking breakfast designed to give chairs the chance to discuss issues of mutual interest in an informal setting.

Session one will include talks and discussion on Cell Based Therapies moderated by Dr. Sherin Devaskar. Dr. Donald B. Kohn will give a lecture on “Hematopoietic Stem Cell Therapy for Genetic Blood Cell Diseases”, followed by Dr. Jacques Galipeau with “Mesenchymal Stem Cell Therapies” and concluding with Dr. Steven Grupp and his presentation “T cell Immunotherapy for Pediatric Leukemia/Lymphoma.”

The second morning session will feature a keynote address by Dr. Howard Bauchner, Editor in Chief, *JAMA* and *The JAMA Network* moderated by Dr. Barbara Stoll.

The lunchtime session, moderated by Dr. Richard Jacobs, will give representatives from American Academy of Pediatrics (AAP), American Board of Pediatrics (ABP), Children’s Hospital Association (CHA), Accreditation Council for Graduate Medical Education (ACGME) Pediatrics Review Committee and National Institute of Child Health and Human Development (NICHD) the opportunity to provide updates and answers to your questions.

The afternoon begins with the day’s second keynote address on Childhood Mental Health featuring Dr. John Constantino and moderated by Dr. Barbara Stoll. In the second afternoon session, we will hear from Drs. Erin Stucky Fisher and Christopher Maloney on Hospitalist Medicine, moderated by Dr. Arnold Strauss.

The day’s program will conclude with the AMSPDC Business meeting (AMSPDC members only) led by Dr. Stephen Daniels. The evening will include a reception and dinner for members of AMSPDC and their guests.

**Sunday, March 1st**

Sunday morning will begin with breakfasts for chairs of small and large departments. The AMSPDC Education Committee will then give their plenary and Dr. Valerie Castle will conclude the meeting.

---

**This meeting would not be possible without the dedication of the following leaders; we sincerely thank them for their service:**

- **AMSPDC Annual Meeting Chair:** Dr. Barbara J. Stoll
- **Frontiers in Science:** Dr. Alan L. Schwartz
- **New Chairs Committee Chair:** Dr. Richard Jacobs
- **Pediatric Scientist Development Program:** Dr. Margaret K. Hostetter
- **Pediatric Leadership Development Program:** Dr. Robert W. Wilmott
Thursday, February 26

8:00am - 9:00pm AMSPDC New Chairs Workshop..................................................... Baycliff Room
8:00 – 8:15am Presidential Welcome
Stephen Daniels, MD, PhD, AMSPDC President, DOP Chair, University of Colorado
8:15 – 9:15am What Makes a Chair a Good Leader?
Richard Jacobs, MD, University of Arkansas for Medical Sciences College of Medicine
9:15 – 10:00am Strategic Planning and Missions
Hugh O’Brodovich, MD, Stanford University School of Medicine
10:00 – 10:30am Break
10:30 – 11:15am Educational Myths and Realities That Pediatric Chairs (New and Not-So-New) Should Know About: Some “First” Impressions
Lewis First, MD, University of Vermont College of Medicine
11:15am – 12:00pm Recruiting and Retaining the Best Faculty to Your Program
Barbara Stoll, MD, Emory University School of Medicine
12:00 – 1:00pm Lunch
Located in the Atrium; Open Dialogue Sessions to continue in the Baycliff Room
12:15 – 1:00pm Building Leadership Teams
F. Bruder Stapleton, MD, University of Washington School of Medicine
1:00 – 1:45pm Finances and Budgets
Valerie Castle, MD, University of Michigan Medical School
1:45 – 2:30pm Philanthropic Investment: The Future of Academic Medicine
Terry Stull, MD, University of Oklahoma College of Medicine
2:30 – 3:00pm Break
3:00 – 3:45pm Recognition and Management of the At-Risk Faculty
Judy Aschner, MD, Albert Einstein College of Medicine of Yeshiva University
3:45 – 4:30pm Department and Hospital Partnerships
D. Brent Polk, MD, Keck School of Medicine of the University of Southern California and Richard D. Cordova, FACHE, Children’s Hospital Los Angeles
6:15 – 7:00pm Reception in the Rose Garden
New Chairs (Networking)
7:00 – 9:00pm Dinner in the Rose Garden
New Chairs and PLDP
7:00am – 9:00pm PLDP Meeting .................................................................................... Laguna/Sunset Room
7:00 – 9:00am 360 Evaluation Feedback
Ken Slaw, PhD, American Academy of Pediatrics
9:00 – 10:00am Welcome and Overview of PLDP, Peer to Peer Calls and Mentoring
Robert Wilmott, MD, MB, BS, Saint Louis University School of Medicine
Nina Schor, MD, PhD, University of Rochester School of Medicine and Dentistry
10:00 – 10:45am Final Project Presentations
2014-2015 Cohort
10:45 – 11:15am Break
11:15am – 12:15pm Inspiring a Shared Vision
Terry Stull, MD, University of Oklahoma College of Medicine
12:15 – 1:00pm Final Project Presentations
2014-2015 Cohort
**Thursday, February 26, continued**

AMSPDC Frontiers in Science 2015

**Brain Injury in the Preterm Newborn: the importance of the everyday**  
Steven Paul Miller, M.D.C.M., F.R.C.P.C., Head, Division of Neurology and the Centre for Brain & Mental Health, The Hospital for Sick Children, Bloorview Children’s Hospital Chair in Paediatric Neuroscience, Senior Scientist, Neuroscience & Mental Health, Professor, Department of Paediatrics, University of Toronto, University of Toronto, Hospital for Sick Kids

**From tooth to guts: stem cells along the length of the GI tract**  
Ophir D. Klein, M.D., Ph.D., Larry L. Hillblom Distinguished Professor in Craniofacial Anomalies, Chair, Division of Craniofacial Anomalies, Director, Craniofacial Anomalies Clinic, Director, Program in Craniofacial and Mesenchymal Biology, Departments of Orofacial Sciences and Pediatrics, University of California, San Francisco

**Placenta-Brain Connection**  
Sherin U. Devaskar, M.D. 10th Annual Warshaw Lecturer, University of California, Los Angeles, Distinguished Professor of Pediatrics, Mattel Executive Endowed Chair, Department of Pediatrics, Executive Director, UCLA Children’s Discovery and Innovation Institute, David Geffen School of Medicine at UCLA, Physician-in-Chief, Mattel Children’s Hospital UCLA, Assistant Vice Chancellor of Children’s Health, UCLA Health

**The Genomics of Birth Timing**  
Louis J. Muglia, M.D., Ph.D., Director, Center for Prevention of Preterm Birth, Co-Director, Perinatal Institute, Cincinnati Children’s Hospital Medical Center, Professor of Pediatrics and Obstetrics and Gynecology, University of Cincinnati College of Medicine

**Women’s Chair Lunch: 1:00pm, Emerald Core Room**
**Saturday, February 28**
